DETAILED ACTION

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claims 1-11 are rejected under 35 U.S.C. 102(e) as being anticipated by Second Chance Blackjack.

Second Chance Blackjack includes many of the steps recited in claims 1-11 including dealing two cards to each of the players and to a dealer, allowing each player to discard one of the cards that the player has been dealt, if the player pays a fee. The player cannot pay a fee and discard a card if player has a card of a specific rank (e.g. Blackjack, 20, 19, 11, 10, 9, 8, or soft 12 (Ace-Ace)). After pay the fee and discarding a card, the player is dealt a replacement card. The conventional game of blackjack is then played.

Claim Rejections - 35 USC § 103

3. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

4. Claims 12-20 are rejected under 35 U.S.C. 103(a) as being unpatentable over Second Chance Blackjack.

Concerning, claims 12, 17 and 18, in Second Chance Blackjack, determining in what situations (e.g. total point value of the player's two cards is 18 or less, total point value of the player's two cards is 16 or less, dealer has 21 and player has an Ace or a 10,.....etc.) a player is allowed to place a fee and discard a card then the total point value of the two cards is 18 or less, is considered a casino management decision that is always obvious in the art.

In regard to claim 14-16, determining exactly the amount of the Second Chance Blackjack fee, and determining in what situations the fee is to be refunded to a player, are also considered a casino management decisions that are always obvious in the art.

In regard to claim 19, it is well known and obvious to deal one of the first two cards dealt to a dealer, one card face up and one card face down in order to provide a house advantage.

Concerning claim 20, video blackjack gaming machines are well known in the art. In view of such teaching, it would have been obvious to provide a video blackjack gaming machine embodiment of Second Chance Blackjack, in order for video game players to play Second Chance Blackjack.

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The patent to Prerost discloses a blackjack game wherein a player has the option of discarding and replacing a third dealt card by paying a fee.
